thing in particular and that's the community. I will miss all my friends and even the staff. Everyone has overall a really good attitude towards everything and that helped create this great community."

Cole Hawes: "I'll miss being able to ride my bike to school. This is because it's fun and it's something to do with my friends."

Greg Hewitt: "The biggest thing that I will miss is having the school close to my house. When I go to MV, I will have to leave by 6:45 to catch the bus instead of getting up at 7:30 like I do now. I will also miss not being able to ride my bike to school any more."

Amy Lamos: "I will miss my friends because whenever I am down they always are there to cheer me up."

Roger Laro: "The thing I will miss most will be riding my bike to school with my friends."

Devon Levesque: "When I leave AE/MS I am going to miss all of the extracurricular activities like recess, basketball, and intramurals. At other schools you don't get all that and I will miss it so much."

Mike Martin: "What I'm going to miss in Andover is how the teachers all give you help when you need it. I'll miss all the fun things the teachers plan for us like dances and field trips. I'm also going to miss not having to try out for sports. In Andover, you're immediately on the team."

Gary Mason: "I'm going to miss being around my friends that are leaving for different schools. I will also miss the teachers here. I've gotten to know them, and they are really nice."

Tim McDaniel: "I will miss the familiar environment and the comfortable feeling I have here."

Stephanie Nelson: "I'll miss my chats with Mandie, Mike, and Josh. Also I am going to miss all my friends in seventh grade."

Lizzie Rego: "What I will miss the most about AE/MS is being able to see all my friends every day. Since my three best friends are going to Proctor next year, I won't be able to see them a lot."

Moe St. Jacques: "I'm going to miss my friends who will still be here next year."

Adam Smith: "What I am going to miss most in Andover is the good and the bad times I've had. It has taught me to learn from the bad times. Also, I had good times like during break when people would just talk and hang out. I will miss my friends and the teachers. I am looking forward to meeting new people and having new experiences in high school."

Katie Smith: "I am going to miss all my friends like the seventh and sixth graders. I am also going to miss Mr. Tucker and his class."

Elizabeth Stearns: "I will miss my friends the most. I am going to a different school and won't be able to see them a lot. I will also miss the small environment where you know almost everyone. I will also miss talking to Mrs. Hill."

Jayson Thompson: "What I will miss the most is Mr. Tucker and all the extra help he gives me. And I will miss my girlfriend."

Chandler Tucker: "I'm going to miss being in a small school. I'll miss not having to worry about what more than eight people think."

Tyler Valley: "I'll miss writing 8-L after my name. I even do it at the bank sometimes. I'll also miss Mr. Tucker. I will miss the AE/MS song and the Eagle Code."

Josh Wagner: "I'll miss having school in town where I can ride my bike easily. I'll also miss knowing almost everyone pretty well, unlike in a huge school like MV."

Nick Waine: "The thing I will miss the most is some of the seventh graders and most of the sports. Also I will miss the classes. A lot of people say school is boring but I completely disagree! School in Andover is very hands-on and I hope MV has some of the things we had at AE/MS."

Tyler Waine: "The thing I will miss the most is the teachers. I will miss how nice they were and how they tried to help us succeed. Also the teachers tried to make our school year fun and help us have stuff to do, like dances, etc."

Cory Wiley: "What I will miss the most are my friends because at MVHS we are separated and will rarely see each other throughout my regular classes."

"What I will miss the most when I leave AE/MS are the talks that I had with the fabulous and wonderful Mrs. Keezer. Mrs. Keezer is really nice and a fun person to be around. She gives really good advice and has great math classes. We do a lot of learning with her, always in a fun way.

Jessica West: "I will miss the teachers in Andover. I have known them so long and I think it will be very different without them."

Cayla Wujek: "What I like about AE/MS are the SOAR assemblies and the extra activities."
