Of the eight men whose faces form the "top" row, we know that Al Eaton is the fourth from the left. We also know that two of the three to the left of Al are Fred Bagley and Bill Powers, and that Fred is to the left of Bill. We also know that of the four men to the right of Al, two are Red Sebra and Bill Smith, and that Red is to the left of Bill. Can you help us match the right names with the right faces? Can you supply some of the missing names?

A History Mystery

This month's History Mystery is a photo (above) from the Andover Historical Society's archives sent in by Ed Hiller. It shows a group of railway workers, some of whom are identified on the back of the photo. Can you identify any of the others?

Send your thoughts or reminiscences to the *Beacon*, and let's see if we can piece together the story of this month's History Mystery.

Last Month's History Mystery

Last month's History Mystery was a photo postcard (below) titled *Ragged Mt. & Slalom Hill* that Sandra Harding spotted on eBay.com (item # 6284938600). We assume that the picture was taken in back of the Proctor

headmaster's house when Alice and Lyle Farrell lived there.

Dennis Fenton offers the guess that the woman in the photo is Ann Farrell, the daughter of Alice and Lyle. If you've got more thoughts on the postcard or the mystery woman, please send them along.

Do you have a photo or other artifact of Andover's past that has some mystery about it? Please contact the Beacon so we can share the mystery with our readers...and maybe solve it!

Also needed—a volunteer to help make the History Mystery column happen every month! Please contact the Beacon at 735-6099 or Mail@AndoverBeacon.com if you can help.
