Nix Negative Campaign Mailing

Today I learned, to my great outrage, about a negative campaign mailing attacking my opponent. I can affirm that I had nothing to do with it and was not consulted; otherwise, I would have nixed it. Negative campaign advertising is against everything I believe in, and I would never engage in it. I have told Democratic headquarters to cease and desist.

Mario Ratzki
NH State Representative

I recently received a negative campaign flyer attacking my opponent. I do not believe negative campaign advertising is appropriate, did not know the content of this ad in advance, and certainly did not sanction this ad. I have told Democratic headquarters that I do not want any more ads like this. I am happy to run on my own priorities and record.

NH State Representative

Keeping Readers Informed

We enthusiastically support Mario Ratzki for another term as state representative for Danbury, Salisbury, and Andover. Mario has worked hard in the legislature and has done a great job of keeping Beacon readers fully informed on his positions on legislative issues. We feel hugely fortunate to be represented by Mario Ratzki.

Restore Education Funding

I support Mario Ratzki and David Karrick for State Representatives. Both aim to serve us in Andover. They have worked hard, and they have kept us informed, as we knew from their reports in the Beacon. Both have worked productively with other representatives, regardless of party affiliation, for New Hampshire.

In addition, I am backing Andy Hosmer for the New Hampshire Senate because, in his first term in office, he demonstrated his effectiveness in bipartisan budget negotiations to restore funding for higher education. Strong public support for the New Hampshire system results in a high quality of instruction, particularly in the sciences (the engine that drives modern progress and economic development) and heads off increases in tuition and fees to the point

that only the most wealthy can attend.

I want an academically strong and affordable state system for students this year and for our granddaughter when she is ready for college in 2024. I support Andy Hosmer, advocate for affordable higher education in the Granite State.

Dedicated Public Servants

I live in Danbury, and I am very glad that Mario Ratzki and David Karrick have been our members of the New Hampshire House of Representatives for the last two years. Even though

Your opinion matters! Please send a letter to the Beacon expressing your thoughts on any local matters. Our readers want and need to hear your voice!

Danbury is the smallest town in their respective districts, they work together as a team to seek our views and pay attention to our concerns, to keep us updated about legislative activity, and to be our strong advocates both in the legislature and with all other branches of state government.

Mario and David have earned our trust and respect as true neighbors and friends. They support our local businesses and participate in our local events; they always have time for a thoughtful conversation or to lend a hand, whether answering a question or helping our lengthy efforts to expand broadband service in our town. Mario and David show what it means to be dedicated public servants, and I hope that on Tuesday, November 4, you will vote to re-elect them and keep them working for us all.

"Can Do" Approach

I met Kathy Rago several years ago when she moved to Franklin from Texas. I was impressed by her "can do" approach and admired her perseverance in completing and achieving tasks and goals she set for herself. I learned that she is the type of person who follows through and does what she says she will.

We need someone of her caliber representing us in the state senate, and I unhesitatingly commend and recommend Kathy Rago as state senator for District 7.

"It was a great day with fantastic weather and a great kick-off for an event that is going to come year after year," said SONH Development Director Chelsea Gill "We are looking forward to next year's event, which will encompass even more community involvement and family fun activities."

Tilton Police Chief Bob Cormier said the event took place on "probably the most scenic part of the Rail Trail in New Hampshire" with the foliage near peak and the sun shining. "We hope this is going to be a great event every fall," Cormier said.
