

## Andover High School All-Class Reunion on July 11

Potluck lunch in Danbury starts at 10 AM

Judy Perreault, AHS '53

Our Andover High School reunion is only a short time away, and this is a final reminder. The fun starts on Saturday, July 11, at 10 AM at the Ordway Recreational Area in Danbury.

Bring a chair, drink, dish for potluck, your memorabilia (wedding album), and your memories. We will once again cheer for our school, sing a few songs, take some pictures, and remember those who have gone to that other reunion. I like to think they are with us in spirit, if not in person.

It's very interesting to read through our old *Blue and White Banners*. They had poems, stories, class and sport news, games, jokes, and the latest gossip cloaked in obscure one-liners like "Billy Putney must have the smallest boy's hands in the school, as he is wear-

ing a girl's ring" or "Whose lipstick is on Denny Fenton's shirt?" Of course we all knew, but it was fun to see it in print. There was no computer, Internet, or Facebook in those days.

Andover also exchanged newsletters with other schools. One was in Springfield, Illinois. The newsletter was also sent to local servicemen.

The spring of 1950 issue was full of senior news. There were poems, yearbook information, and articles about the value of education and choosing a career. We experienced the same excitement and uncertainties about entering the "adult" world. Well, we made it and are now watching our great nieces, nephews, and grandchildren move along that same path.

See you at the reunion, where we can compare notes, brag a little, and enjoy being with our classmates.

In case of rain, we will meet at the old high school. 

## New Hampshire Circle of Home and Family, June 2015

Use color in clothing to look and feel your best

Judy Perreault, NHCHF

Everyone wants to look their best, and at our last NHCHF meeting we discovered that one way was with the use of color in our clothing. Depending on skin tones and eye and hair color, certain color choices can enhance or dull your appearance.

With an array of clothes and fabrics in different colors and tonal values, we all experimented and found the colors that made us look most attractive.

You should choose a wardrobe based on these color choices. When you look good, you are more social, energetic, and productive.

We had a lighthouse program this year, and to our surprise we found there are three lighthouses on Lake Sunapee. It was decided that in June we will take the boat tour so we can view these lighthouses. Of course, we are going to lunch first.

This will be our last meeting until September, when we will have a program about Scotland. For more information, call 735-5493.
