

classes for adults meet, although not at the same time, in the community room at the Bachelder Library now that we have a new heating system in place.

Andover still does a booming business in lending out large-print books and Inter Library Loan selections, and the plants topping the stacks give the space a warm and inviting feeling.

The trustees have researched and implemented the installation of the heating system, soon to be followed by ceiling insulation. We have helped secure and publicize new offerings, like the astronomy program and wildlife biologist Sy Montgomery, and wasn't the "Relax and Read" float a ton of fun on the Fourth of July?

Working with five trustees who are fully committed to our mission of providing an enjoyable place to access information, literature, and inspiring programs is how I would like to continue to serve the town of Andover. Please consider me when you vote for library trustees.

Susan Chase (Write-In)

Having served for one term on the Board of Library Trustees, I'd welcome the opportunity to serve for a second term. I had intended to run for this office again but the press of other involvements caused me to forget to file in time to be on the ballot. Therefore I'm running as a write-in candidate for this open seat and would welcome everyone's support.

I've served as treasurer of the Library Trustees for the last three years and I'm proud of the growth of our libraries during that period: we've expanded the number of special speakers and programs offered to the community, we've begun to increase the energy efficiency of the Bachelder Library in East Andover, and we've started looking at the technical and space needs of both of our libraries. I'd like to continue to be involved in furthering these efforts to provide programs and services that meet the needs of all Andover residents.

In addition to being a Library Trustee, I'm also on the board of directors of the Andover Community Association and a member of the Andover Energy Group.

Trustee of Trust Funds

Alex Estin

I came to Andover in the fall of 1979 as a freshman at Proctor Academy. It was the best decision I ever made. Even as a student, I felt a sense of belonging in this town and connected with many townspeople. Andover is such a special place and has very special people. After college and a professional stint in Boston, it was natural for me to return "home" to Andover 19 years ago.

Over nearly two decades, I have worked at Proctor Academy as a dorm parent, a coach, in the School Store, and in the Development Office as the Director of Alumni Affairs. I also spent two years at AE/MS as an aid for a student in a wheelchair, an aid in the classroom, and a long-term substitute teacher.

I feel very connected to the Town of Andover and the many friends I have here, and I can't imagine being anywhere else.

I have been a Trustee of Trust Funds for Andover for at least seven years now. I don't have a lot of investment background, but I feel it is my civic duty to give back to the Town of Andover every way I can. I am fortunate to be paired with Sarah Whitehead and Joanne Edgar in this position.

I am grateful for your support, and I look forward to continuing service to the town as a Trustee of Trust Funds of Andover.

Cemetery Trustee

Pat Cutter

First elected in 1990 when the office was established, I have served as an Andover Cemetery Trustee except

for a one-year hiatus due to a family illness. Since my final resting place will be Proctor Cemetery, I would like to be on board to see that it, and all of Andover's graveyards and cemeteries, are cared for.

School Board

Vote for two

Anne MacKenzie

It has been my great pleasure to be a member of the School Board these past months. After eagerly stepping in to fill a vacancy in the fall, I have learned a great deal and would be honored to continue to serve the town of Andover in this capacity.

Meeting with the town Budget Committee, fielding questions from community members, and working with an extraordinary team has afforded me the opportunity to try to meet the needs of the teachers and students while continuing to make fiscally responsible decisions for the town.

I have been in the field of education since 1993, have my masters degree in Education, and I am certified to teach in the state of New Hampshire. My two daughters attend Andover Elementary/

Middle School, and I have consistently been impressed with the quality of their education.

I would like to serve on the School Board to help ensure that Andover will be able to uphold this quality of education for all our children, now and in the future. Thank you for considering my candidacy.

Dean Barker

I am currently a member of the School Board for the Andover Elementary Middle School. Thank you for allowing me the opportunity to serve this wonderful school this past year, and I hope you will consider my candidacy for re-election to this position.

Here are a few things about my own life that may lend me some life experience for continued service on the School Board. I've lived in Andover and been a property taxpayer here for nine years. I have a child at AE/MS. I am a public school teacher in a neighboring district (Kearsarge). Previously, I taught at a New Hampshire boarding school not unlike Proctor Academy.

For me, as a new board member, this
