The Flying Monkey Presents Disney's Imagination Movers

Saturday,
March 4 at 2 PM

Press release

The Flying Monkey Performance Center presents Imagination Movers on Saturday, March 4, at 2 PM. After partnering with Disney Junior Channel and winning an Emmy Award, their live show continues to create music that speaks to children, proving to be a hit with parents and children alike. Imagination Movers encourages kids to "Reach high, think big, work hard, and have fun!"

The coolest kid's rock band in the world is coming to New Hampshire! The Emmy-winning New Orleans-based Movers are known around the world for their hit preschool TV series seen on the Disney Junior cable channel.

The Movers deliver a highly exhilarating and exciting rock concert experience where kids and parents will sing along with the Movers' hooky chorus-

es, learn ridiculous dances, and have a blast doing it. A dash of flying toilet paper and smoking trash cans thrown into a crowd-pleasing concert with real guitars and real drums makes for real fun!

The New York Times claims the Movers are "prized by many parents for non-condescending lyrics and music that evokes the Beastie Boys or Red Hot Chili Peppers." Parenting Magazine praised the band's "dash of rebellion" and songs that are "fresh and treacle-free."

Imagination Mover Rich Collins says: "Our goal is to make many of these kid's first concert experience also one of their parent's most memorable experiences. We hope everyone leaves needing a nap!"

Tickets for Imagination Movers are \$25, with kids under 2 free. For more information on upcoming shows or to purchase tickets call the box office at 536-2551 or go online at FlyingMonkeyNH.com.

Warrant from page 13

ARTICLE 8: To see if the Town will vote to establish a Fourth of July Celebration Expendable Trust Fund per RSA 31:19-a for the 2017 Celebration and to raise and appropriate \$10,000 to put in the fund, with this amount to come from taxation; further, to name the officers of the Fourth of July Committee as agents to expend from said fund. This appropriation will replace the door-to door canvassing previously done to raise funding.

The Select Board recommends this article. The Budget Committee does not recommend this article.

The Fourth of July Committee wants the voters to weigh in on this proposal. The committee is having difficulty finding enough volunteers for the door-to-door canvassing and is looking for a solution.

ARTICLE 9: To see if the Town will vote to establish a contingency fund for the current year for unanticipated expenses that may arise and further to raise and appropriate \$10,000 to put in the fund. This sum to come from the Unreserved Fund Balance. Any appropriation left in the fund at the end of the year will lapse to the General Fund.

The Select Board and the Budget Committee recommend this article.

The fund may be used by the Select Board during the fiscal year to meet the cost of unanticipated expenses that may arise during that year and are not otherwise provided for in the budget. The fund may not exceed one percent of the amount appropriated by the town during the preceding year, excluding capital expenditures and debt service. A detailed report of all expenditures from the contingency fund must be made each year by the governing body and published in the annual report. RSA 31:98-a; RSA 32:11, VI.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of \$15,000 for the purpose of upgrading the energy system of the Town Office/Town Library Building. Energy upgrade will include the purchase and installation of an energy efficient heat pump system providing heat, air conditioning, and ventilation. The \$15,000 will come from previously established funds: \$10,000 from the Town Building Maintenance ETF and \$5,000 from the Unassigned Fund Balance. Upon completion of the project, a rebate of \$3,369 from NHEC will go to the General Fund. This is a tax-neutral article.

The Select Board and the Budget Committee recommend this article.

ARTICLE 11: Shall the Town vote to authorize the Select Board to negotiate and execute agreements, including a 20-year license (with possible extensions up to 30 years), with Revision Energy of Portland, Maine, and to take actions and execute documents reasonably related thereto, necessary to facilitate a Power Purchase Agreement for a

solar energy system that will serve the Town of Andover Town Offices? This is a tax-neutral article.

The Select Board and the Budget Committee recommend this article.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of \$2,000 for the facilitating of the Power Purchase Agreement for a solar system to serve the Town of Andover Town Offices. This sum is to come from the Town Buildings Expendable Trust Fund, previously established, and no amount will come from taxation.

The Select Board and the Budget Committee recommend this article.

ARTICLE 13: To see if the Town will vote to establish an Expendable Trust Fund pursuant to RSA 31:19 for the purpose of funding a solar energy system for the Town of Andover Town Offices, and to raise and appropriate the sum of \$2,954 to be placed into the fund. These funds will come from the Unassigned Fund Balance, therefore the article is tax-neutral. Further, to name the Select Board as agents to expend from said fund.

The Select Board and the Budget Committee recommend this article.

Note: Each year for six years we will ask to raise and appropriate \$2,954 from the Unassigned Fund Balance to be placed into this fund, at which point the Town will have the option to purchase the system for its then-discounted value of \$17,724.

Articles 10, 11, 12, and 13 all deal with the energy upgrades to the Town Office building. Article 10 funds the purchase of the HVAC system.

Articles 11, 12, and 13 are for the solar panels, and they all go together. Article 11 authorizes the Select Board to finalize the agreement with ReVision to install and operate the panels and give the Town the discounted power the panels produce; this is referred to as a Power Purchase Agreement.

Article 12 authorizes an allowance of \$2,000 from the Town Building Maintenance Expendable Trust Fund to cover the NHEC charges. Article 13 sets up a dedicated fund to accumulate six yearly installments of \$2,954 from reserves for the optional purchase of the system.

No new taxes will be raised to complete these projects. Funding will come from the previously established Town Building Capital Reserve Fund and the Unassigned Fund Balance.

A detailed article on the energy upgrade can be found in the February Beacon starting on page 3. A summary article appears on page 6.

ARTICLE 14: To see if the Town will vote to raise and appropriate \$620,000 to fund the Morrill Hill Road Bridge replacement. This project qualifies for State Bridge Aid Funds, the State reimbursing the Town for 80% of the total cost. Funding for this project will come from the previously established funds: \$179,888 from the Morrill Hill
