Fun for All at AASP

Shawna Otis, AASP Director

It has been a great year here at the Andover After School Program. With the school year coming to an end, we've had a lot of fun. We have started meditating daily in an attempt to calm our busy minds. We spent as much time playing outside as we could, if and when the weather cooperated.

We had some yummy treats, like cookie bars and peanut butter oatmeal squares. And we started having all-you-can-eat fruit, all day every day. We have some healthy kiddos here! The most fun we had this year was at our

end of the year party. We started with pizza and ice cream sundaes, followed by water games outside. We had a crazy sprinkler, water launchers, and water balloons. Everyone got soaked and we all had so much fun that we can't wait for next year's water games.

There are still limited spaces available if you would like your child to attend the Andover After School Program, and we are always looking for new staff members to join our team. If you are interested in either, please e-mail Shawna Otis, director, at: andoverkids@yahoo.com.

AEMS second graders provided entertainment for the whole school and many parents on May 31st with their musical GOIN' BUGGY. It is a story about 'bugs' - insects and a spider - who are tired of being treated badly by everyone in the world. They sing of their mistreatment (a teased and taunted ladybug), their talents (making honey, firefly light, metamorphosis) and finally march to Washington to demand their RIGHTS! It was so much fun to learn and perform...and the message was not lost on the singers. Respect each other, regardless of our differences and stand up for those who are being treated badly.
