### Minutes from page 17

- We received a chart from NHDES on Town Clerk guidelines for processing wetlands/shorelands permits. Mary Anne will provide a copy to the Town Clerk
- Copy of wetlands application for Proctor pond dredging.

**Wetlands Permit application by Proctor:** Jesse made a motion to approve the Wetlands Permit application by Proctor for the Proctor pond-dredging project. Jerry seconded, and all were in favor.

#### Harvey Pine Wetlands

**Co-occurrence Map:** We will invite Harvey to a future meeting and hope to have an electronic copy of the work his student did. Jesse is planning to work with Paul Currier to understand better how to do mapping work, with a goal of updating Andover-specific maps and creating a new set of co-occurrence maps.

**J&B Landscaping Property:** Mary Anne has met with Jon Champagne about transforming the land where trees were cut into a pollinator meadow after the work of excavating material has been completed. This will be done in incremental stages and UNH Extension specialist Cathy Neal will be assisting.

**Bog Pond:** The CC (Mary Anne, Tina, Nan) took a tour of Bradford Bog with local Bradford CC members. They noted the signage and nature of path construction (boardwalk). This style of access may be appropriate to use at some location on Bog Pond to allow the public to appreciate the unique setting. However, increased access may endanger this fragile environment and boat access to Bog Pond may be a better choice. Mary Anne asked that the CC members carefully read Earl Chase's report, familiarizing ourselves with the recommendations and understanding the reasons the CC stood behind this. We will then make a determination of whether we agree with our initial stance or if we will make a change.

Jesse has no new news about when the town plans to excavate material near the transfer station, but John Thompson will let him know.

**Wetlands Ordinance:** Mary Anne will be working on a proposal.

**Website:** Alan reached out to Marj Roy and will write a Beacon article later this summer.

**Verizon Cell Tower:** The Select Board is deciding what to ask Verizon to do with the wood that is cut. The Kearsarge Wood

Ministry has decided to not take on the project. Alan will check with Dave Pilla to see if Proctor is interested.

**Conservation Commission Membership Status:** Mary Anne contacted Marj to try to establish which CC members need to be sworn in again, and when the terms of each member complete.

**Tucker Mtn. Common Land:** Derek completed the monitoring and prepared a monitoring report. The "Declaration of Halcyon Hills" found by Pat Moyer, is the document that describes the covenants and restrictions.

#### Other Business:

- Kitty Wilson (Loon preservation campaigner) sadly passed away recently. Nan proposed that we donate \$50 from the Andover CC to the Loon Preservation Society in Kitty's memory. Alan seconded the motion and all were in favor.
- Alan is arranging a Bat Conservation program for October 11th or 19th. He is also arranging a Climate Change in NH program on October 4th at 4.30pm. Both will be held at Proctor, and open to the community.
- Alan is working on an article about the Proctor pond dredging, for the Beacon.
- Jerry is working on arranging a fall Forestry workshop with Tim Fleury, County Forester and Dave Pilla at Proctor. It will be held in September or October.
- A Wetlands workshop is planned for July, with Town personnel from Wilmot and Andover invited. Mary Anne is arranging this.
- Jesse will contact Bird's Eye View about drone help with monitoring conserved lands.

## A New Season & Stories from Shaker Bridge Theatre

Enfield, NH – Shaker Bridge Theatre has announced its 2018-19 theatre season of five shows running October 11, 2018 through May 19, 2019.

SBT Founder and Director Bill Coons read hundreds of scripts in his search of five plays for this season, which offers a wide array of styles and comedic genres by some of the theater world's hottest contemporary playwrights.

"I've selfishly selected plays I'm in love with and can't wait to bring them to life," said Coons. "When I select a play I'm going to produce it has to be something that's so good and challenging that I'm willing to be obsessed with it for months."

The 2018-19 Shaker Bridge Theatre season will open with *Outside Mullingar* by John Patrick Shanley. The show will run from October 11-28 at 23 Main Street in Enfield, NH.

This Tony Award nominee for Best Play is from the author of *Doubt* and *Moonstruck* and is a romantic comedy set in rural Ireland. This tender-hearted portrait reminds us that it's never too

late to take a chance on love. The show is directed by Bill Coons

The next offering will be *Over the Tavern* by Tom Dudzick and directed by Bill Coons. It will run from December 6-23.

The Pazinski family has a lot going on in their cramped Buffalo apartment. This touching depiction of 1959 Americana provides a warm and hilarious look at family, growing up, and God.

Other offerings for this season are:  
*Dry Powder* by Sarah Burgess, February 7-24, 2019

*The Taming* by Laura Gunderson, March 28 – April 14, 2019

*Women in Jeopardy* by Wendy MacLeod, May 2-19, 2019
